

# Cereal Box Maze

You will need:

- Empty cereal box
- 8 straws
- Scissors
- Marble
- Sticky tape
- Sharp pencil

What To Do:

Cut the front or back off your empty cereal box.

Use the sticky tape to secure the ends of your box together.

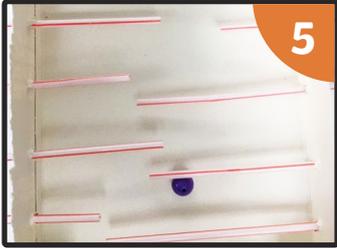

Using your pencil, poke 4-5 holes through each long side of the box. Make sure they are near the bottom edge.

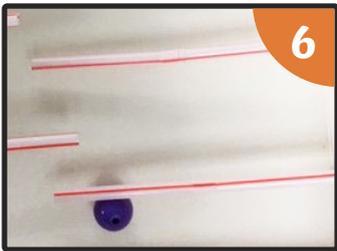

4 Push a straw through each hole to make barriers.  
Straws can be cut to different lengths.

---

5 Place your marble into position.

---

6 Now tip and tilt the box to get your marble from one side of the maze to the other.

Top Tip:

You could draw a colourful background for your maze on the inside of the box.
